

## Why Choose Wisconsin Inspection Services & Consulting LLC???

1. We provide a thorough inspection that exceeds both ASHI (American Society of Home Inspectors) and the State of Wisconsin Standards of Practice. We don't rush to get it done.
2. We are respectful of the buyer, seller and realtors involved in the home buying process. Our priority is to educate and advise.
3. We are flexible and can schedule to meet your needs including weekends.
4. We will provide you the best, unbiased, fact based report on the condition of the home at the time of the inspection.
5. We will be available to discuss and answer questions that you have now and as long as you own this home.
6. We embrace the continuous improvement philosophy and are constantly researching and improving our knowledge, skills and inspection practice. We seek to expand our services to give you the satisfaction and confidence that you made the right decision in choosing our services.
7. We provide Radon Measurement Testing. Unlike many of our competitors, our radon technician is nationally certified through the American Assoc. of Radon Scientist and Technologists (AARST). As part of the certification process we must provide documentation of a Quality Assurance program. We follow the protocols that are established by the EPA. We are also recognized by the State of Wisconsin Department of Health Services.
8. We provide approved State of Wisconsin Well Inspections and Water Testing. Additionally, we provide Septic Inspections in many areas.
9. Our reports are complete with digital pictures and are emailed directly to the clients within 48 hours of the inspection.
10. We are committed to you our valued client.

*For additional information, or to schedule an inspection, please call Jeff @ (608) 434-0790.*
